## AN IMMENSE CROWD AT FAIR

Estimated Fourteen Thousand and People Attended on Thursday.

Racing Program Was a Good One—Awards Made in Many Classes.

Some good racing was furnished the people who attended the Rush county fair on Thursday. The 2:18 pace was perhaps the most interesting. It was neck and neck between Fred C. and Gilt Edge from the word go. Gilt Edge won the first two heats in a comparatively easy manner. In the third heat, however, Fred C. pulled under the wire together. There did not seem to be an inch difference between the noses of the two horses. The finish of this heat was an exciting one and brought forth volumes of cheers from the three thousand people who witnessed the races from the grand stand and hillside. The judges decided that the heat was a dead one. The race lasted six heats. Terefermer was ruled out in the last heat for not having won a heat out of five. May Anderson was drawn after the third heat. The race was won by Gilt Edge, Fred C. won second money; Queen Wilkes third, and Terefermer fourth.

2:18 TROT—PURSE \$200.

May Anderson, s m (Davitt).....5 4 5 3  
Fred C, b k g (Carr).....3 5 2 1 3 2  
Gilt Edge, b g (Osborne).....1 2 2 1 1  
Terefermer, b m (Hillhouse).....4 3 3 2 4  
Time—2:16½, 2:17½, 2:19½, 2:17½, 2:18½, 2:21.

The three-year-old pace was won by Gypsy Woodland in three straight heats. Bettie G. got second money; Fred G., third money, and Nancy L., fourth money. It was after six o'clock before this race was finished.

3 YEAR OLD PACE—PURSE \$200.  
Tine Rose, b m (Davitt).....4 5 5  
Fred G, s g (Groom).....2 2 2 2 3  
Gypsy Woodland, b f (Osborne).....1 1 1

Bettie G, b f (Tappan).....3 2 2  
Time—2:22½, 2:30½, 2:39½, 2:39½.

The Wilson three-year-old mixed pace and trot, was somewhat of a disappointment. Entries in this race were limited to Patchen Boy colts only. There were four starters. Mary Patchen won the first two heats. She was making fairly good time, but probably could have done better. None of the other colts performed as was expected. This was due mostly to the fact that they had been worked on a mile track. The race, on account of the slow time being made, was called off after the fourth heat.

DICK WILSON, 3 YEAR OLD, PACE AND TROT—PURSE \$200.  
Lady Patchen, b m (Nelson).....4 4 1  
Mary Patchen, b m (Wilson).....2 2 1 2  
Roan Patchen, s g (W. Wilson).....2 2 1 2

Time—2:27½, 2:29½, 2:39½, 2:39½.

The track was in fairly good condition. Starter Moody had little trouble in getting the horses away in fairly good shape.

The crowd that attended the fair yesterday was one of the largest in recent years. It was estimated by some of the fair officials at 14,000 people.

The awards on beef cattle, including sweepstakes, open for Rush county only, sheep and hogs, including sweeps takes on both, poultry, coach, general purpose and saddle horses, table luxuries and ladies' fancy work were made yesterday.

Today's racing included the 2:25 pace and the 2:50 trot and the three-year-old trot. Another Wilson race was pulled off.

Awards were made today in the roadsters, light harness horses and double teams, farm implements and vehicles, hardware and leather work.

The grand parade of premium stock took place today.

### Fair Notes.

Amos Winship has a fine display of buggies in the hall on the east side of the grounds.

Kid Griffo gave a high dive from the King and Queen scaffold about 2:30 yesterday afternoon and then took up a collection.

Mrs. Ad Spivey won 17 first premiums and 9 second premiums on her art work in the floral hall. She also won 5 premiums in the culinary department.

Agent Osborne of the C. H. & D. yesterday sold 3040 tickets to the fair ground. This, he says is the largest number sold at that place since he has been in Rushville.

King and Queen, the high diving horses gave two excellent performances Thursday afternoon at 1 p. m. and at 3:30 p. m. Many people who crowded about the pool received a ducking when the horses struck the water.

The grand stand was packed all afternoon. In the early part of the afternoon there was no room in the stand for the band. The receipts at the grand stand yesterday were larger than those of the whole week last year. One hundred and ninety dollars were taken.

## ACCIDENT AT FAIR GROUNDS

Roy Carr Receives a Broken Leg in Smash-up in a Race.

A serious accident occurred during the fifth heat of the 2:18 pace at the fair grounds Thursday afternoon, in which Roy Carr, of Homer, suffered a compound fracture of his left leg above the ankle together with a sprained ankle and a dislocated shoulder. The five horses in the race had been given the word and were rounding the first turn on the track when Gilt Edge and Fred C. collided. Drivers, horses and sulkies were thrown together in a heap on the track, but so near the edge that the other three horses in the race were able to keep clear of them and finish the heat.

Mr. Carr says that Mr. Osborn, who was driving Gilt Edge, kept crowding him over. In his statement to the judges, Mr. Osborn, who was also thrown out and considerably bruised, stated that the accident was his fault, but that Gilt Edge pulled over in spite of his efforts to keep him straight. Mr. Carr was given third place in the heat at Mr. Osborn's request. Osborn's sulky was partially demolished as was that of Mr. Carr. Neither of the horses were injured and both continued in the race. Ed. Shumaker drove for Mr. Carr. After he was thrown from the sulky Mr. Carr hopped across the track where willing hands cared for him. Dr. E. L. Wooden, Dr. D. H. Dean and Dr. Lord, of Mays, who were on the grounds cared for him. Mr. Carr was brought to Dr. Wooden's office, where his injuries were dressed. He is feeling much better today. Considering the nature of the accident the only wonder is that neither drivers nor horses were not killed.

## MOTOR CYCLE HITS WOMAN

Fred Cook's Machine Hits Woman as She Descends From Traction Car.

Fred Cook, who was riding at a fast rate of speed on a motor cycle, ran into an unknown woman on Morgan street at 2 o'clock this afternoon. The lady had just stepped off an incoming traction car, and as Mr. Cook started to pass the car he ran into her before he could check the speed of the machine.

The woman escaped without injury excepting a few bruises, but Mr. Cook received severe sprains about his arms and several cuts by his fall. The motor cycle was badly delapidated, fourteen spokes being broken in the front wheel.

## BANKERT CASE IS CONTINUED

Two States' Witnesses Could Not be Present For Hearing Today.

Preliminary Trial Will be Held on Monday, September 12th, at 9 a. m.

The preliminary hearing which was to have been given Mrs. Anna Bankert, charged with the murder of Norman Cook, in Squire Wilson T. Jackson's court this morning, was continued until Monday, September 12th, at 9 a. m.

The State asked a continuance of the case for the reason that Dr. Frank H. Green, who made a post-mortem examination of Cook's body on Sunday morning following the murder, could not be present owing to the death of a near relative. Frank Hall, another important State witness, who would have testified as to Cook's actions on Friday and Saturday, is sick with appendicitis. The defense although ready for trial, gave its consent to a continuance of the case.

Mrs. Bankert, dressed in a white silk waist, black skirt, black hat, white veil and black gloves, entered the court room in company with her husband, Sylvester K. Bankert, her attorneys, Congressman Watson, and others and Sheriff Bainbridge.

A large crowd had gathered in the circuit court room under the impression that the trial would be held there. The corridors of the court house, the stair cases and sidewalks from the jail to the court house, contained many people who desired to catch a glimpse of the woman charged with murder.

Mrs. Bankert and her attorneys held a consultation in an ante-room which lasted for about a half hour. Upon entering the court room Mrs. Bankert nodded pleasantly to those about her. She seated herself directly opposite Squire Jackson. She seemed very calm, but looked somewhat haggard. All the witnesses in the case were notified of the continuance and court then adjourned. Prosecutor Elmer Bassett, of Shelbyville, was present and assisted Deputy Prosecutor Kiplinger with the State's side of the case. Mr. Bassett will assist Mr. Kiplinger until the case is finished.

## BALLOON FALLS AMONG HORSES

Several Runaways Occur and Serious Accidents are Narrowly Avoided.

Serious accidents were narrowly averted Thursday, when Prof. Ed. Young, the balloonist, and his balloon came down among the horses which were hatched in the south part of the fair grounds.

Prof. Young was not able to make a successful trip in his balloon Thursday, as it would not go high enough to permit him to descend in his parachute. He descended with his balloon and as it did not travel more than 200 yards from the place it started it lit on the fair grounds among the horses which were hatched on the south side. The horses became frightened and several of them ran away, and if it had not been for the prompt action of the crowd in unhitching the animals and taking them away from the spot, serious damage might have been done.

Greensburg News, Thursday: Will Cover, of Rushville, is here today closing the contract for a tenant on the farm he had just purchased, that is known as the Geo. W. Kercheval farm.

### SCOURGE THREATENED

Europe is Alarmed Over Prospect of Cholera's Invasion.

Terre Haute, Sept. 1.—It is learned from authoritative sources that a movement for the merger of the big coal combine is under way. While the date for the formal announcement of the merger is not given, operators in a position to know, say the deals will be consummated before the first of next year. According to information given, the Consolidated Indiana Coal company is to absorb the Deering company and the United Fourth Voin company recently formed through the consolidation of the Freeman-Dickason interests. The Southern Indiana company, owned by John R. Walsh, it is said, will absorb the Indiana Southern company. Walsh has held six per cent of the stock of the Indiana Southern company since its organization. The new combine, it is said, will be capitalized at \$50,000,000.

### SOCIETY NEWS

The marriage of Clarence S. Roots and Miss Ethel Mae Porter, of Connersville, was celebrated Wednesday evening at the country residence of the bride's parents, Mr. and Mrs. R. N. Porter, the Rev. James C. Burkhardt officiating.

## THIEVES ON FAIR GROUNDS

Several People Report Robberies to the Police Authorities Thursday.

It seems that a large crowd of pickpockets have been working in this city during the last week as numerous robberies are occurring daily. People on the fair grounds often find that some one has slipped their hands in their pockets and taken their pocket books.

Two empty purses were found on the fair grounds Thursday within two feet of each other and from all indications it would seem that they had been emptied and thrown away.

The robberies were not confined to money alone. One young man hung his coat upon a fence, and upon returning a few minutes later, he found that some one had taken it. Lap robes were stolen out of buggies and whips and numerous other articles of small value were taken.

The police authorities are making every possible effort to bring these criminals to justice, but on account of the large crowds they find their work very difficult.

## COMMITTEE TO MEET GOWDY

Social Functions For Him and His Family at Washington on His Return.

Louis Ludlow in this morning's Indianapolis Star says: Among Indiana politicians here the home-coming of Consul General J. K. Gowdy at Paris, is looked upon as an event of unusual interest and significance. The propriety of sending a committee to meet him when he arrives at New York is being discussed. If this plan is carried out, Capt. Gowdy will be escorted to Washington, where a few informal functions will be given in his honor and where he will have an opportunity of paying his respects to the President before he leaves for the West.

## MANY MEN AND TEAMS

Twenty Car Load of Equipment Unloaded at Connersville for Work.

First Grading Will Begin Soon Two Miles West of Connersville.

The Connersville News of Wednesday says: Robinson's circus recently here attracted little more attention in some circles than did the trainload of men and equipment for the new traction line, which unloaded here, this morning.

Twenty loaded cars were brought here from Julietta, ten miles east of Indianapolis, by George M. Kepner, who had there a sub-contract from the Kinser Construction Co., of Terre Haute, who have the contract for the whole traction line grading from Rushville to this city. Mr. Kepner's contract here begins two miles west of the city and he will work eastward, being pledged in the contract to complete the work December 1st.

Mr. Kepner says that it took about twenty cars to bring his equipment here. It consists of 160 mules, stacks of implements the most modern devices for grading, together with tents for men and teams. About 100 men will be employed. The tents will be pitched at or near the west end of the section and will be moved from time to time as the work proceeds east.

While the boarding houses may not profit much by this bunch of men, large amounts of supplies are being bought from our home merchants to be cooked in camp.

Other sub-contractors are at work farther west and as the bridge work is progressing satisfactorily, Mr. Henry's promise to bring cars in to the city by January 1st may yet be verified as with bridges and grades completed track-laying moves rapidly. It is expected that work within the city will begin within a short time and this is probable owing to the company's urgency in getting houses off the right-of-way.

## WONEY AND WATCH RETURNED TODAY

Lora McDanniel Found Valuables of Mrs. Mathews and Returns Them.

The pocket book which contained \$5.55 in coin and a gold watch, and which disappeared from the ladies' toilet room at the court house, Wednesday, was restored to Mrs. Mathews, its owner, this afternoon by Miss Lora McDanniel.

Miss McDanniel saw the purse hanging upon the back of a chair, and fearing that it might have been lost, took possession of it. She watched the daily papers to see if it would be advertised for, and upon reading an ad in the Daily Republican, telling of the disappearance of the property, she placed the articles in the hands of Janitor Smith of the court and he returned them to the rightful owner. Mrs. Mathews was very much pleased when she regained the money as she said that she was not able to lose the sum of \$5.55.

Connersville Examiner, Thursday: Quite a number of Connersville people went to Rushville this afternoon to attend the fair. The C., H. & D. runs a special train over every morning from Connersville. It goes over at seven o'clock, which is a little too early, but the train is kept there all day and is run back and forth from the fair grounds to town which is quite an accommodation for the Rushville people. Next year this "suburban" traffic will go to the suburban.

### POSTOFFICE TRAGEDY

Postmaster at Mackey Shot and Killed His Brother-in-law.

Princeton, Ind., Sept. 1.—Thomas McCleary, postmaster at Mackey, shot and killed his brother-in-law, Melville Stuckey. The shooting was done in the postoffice. Stuckey is a produce dealer and had been quarrelsome. After several wordy encounters he was refused the loan of a revolver by McCleary, as Stuckey said he wanted to kill someone. Later Stuckey appeared in the postoffice and rushed at McCleary with a drawn dirk knife, yelling to him to say his prayers. McCleary drew a revolver and killed Stuckey at the first shot. McCleary surrendered and was brought to Princeton, where his preliminary hearing will take place. His plea will be self-defense.

## DECORATE FOR OLD SOLDIERS

Rushville People Should Give Veterans of 123rd Ind. Royal Reception.

The 123d Ind. Vol. Inf. will hold their 15th annual reunion at the assembly room of the court house on Tuesday and Wednesday, September 12th and 13th, 1905. Rushville should decorate on this occasion and honor the boys in blue. Last year the 68th regiment held their reunion in Rushville and not a flag was flaunted in the breeze except with what custodian Jabez Smith decorated the court house, and one flag was put out by a saloon which wanted the soldier boys' trade. We hope Rushville will be more patriotic this year.

## PROSECUTION MAY BE DISMISSED

Jesse Sterritt May go Free—Comes of a Good Family.

The Connersville Examiner in speaking of the case of Jesse Sterritt, of this city, who is in jail at Greensburg, charged with forgery, in part, says: Young Sterritt comes from an excellent family and the unfortunate predicament he has placed himself in has brought a disgrace upon his relatives which is keenly felt. He has two brothers and a sister residing in Connersville, who are greatly grieved over the affair. The young man is but twenty-two years of age and up to a short time ago he bore a good reputation. He was an apprentice in a naval school for a while, and after leaving the school he seems to have fallen in bad habits. The family is a large one, composed of eight or ten children, and the Examiner is informed by one of them that this is the first time that ever a member of the family was arrested or even charged with any offense.

It is possible that Sterritt's prosecution may be dismissed if the forged check and his board bill, which only amount to about \$35, are paid.

Victor Royce, who says his home is in Connersville, and who came to this city to work at the fair grounds, was fined by Mayor Hall yesterday morning for public intoxication.

He is the man who was thought to be wanted in the northern part of this State for murder, but the police authorities could not find anything about the man's relation with this crime. It is said that when the police arrested him that he was beating his wife and choking her. He was fined \$1 and costs (\$9.25), and this amount was paid by one of his friends.

## WATSON FOR CHAIRMAN

Sixth District Congressman Being Mentioned For Advancement.

May Head Committee on Appropriations in the House of Representatives.

A dispatch from Washington says: The name of Representative Watson, of Indiana, is now prominently mentioned in connection with the chairmanship of the committee on appropriations, a vacancy having been created by the elevation of Mr. Hemenway to the Senate. It is said here, although the report can not be confirmed, that Senator Hemenway is using his good offices with a view to having Mr. Watson made chairman of appropriations.

When Speaker Cannon comes to take up the question of filling the chairmanship he will be confronted with a knotty problem. There are several candidates for the place, among them Representative McLeary, of Minnesota, the Rookery member, who, of right according to custom, is entitled to the promotion. He has, however, been placed in the "unavailable class." Senator Hemenway would doubtless like to see Mr. Watson named, as he would not only be helping a friend, but at the same time save the place to the State.

## STATE FAIR ART EXHIBIT

Display From the St. Louis World's Fair to be Seen at Indianapolis.

Mrs. W. L. Berryman, of Tipton, Ind., who had charge of the Indiana Woman's department at the St. Louis Exposition last fall, is gathering up the display of art made by the women from this State, and the whole exhibit will be given at the Indiana State Fair at Indianapolis during the week of September 11th. After the St. Louis fair closed, the Indiana State Board of Agriculture bought fifteen large and handsome show cases from the St. Louis management and shipped the equipment to the Indiana fair grounds, where it has been set up in a new apartment in the Fine Arts hall. The show cases were valued at \$7500, although he State Board of Agriculture bought the outfit for a few hundred dollars. The finest portion of the art exhibit at the Indiana Fair will be shown in these cases, which are in a large room on the second floor of the art hall, reached by a broad stairway from the main floor. This room adds about one-third more floor space to the building. Mrs. Berryman, in gathering up the St. Louis display for the State Fair, has written to all Indiana women, asking them to send their specimens of needle work, decorated china and the like, which they had on display at St. Louis and it is thought that practically the whole exhibit from Indiana in the women's department of the World's Fair can be obtained for the State Fair. Where the original articles cannot be obtained, Mrs. Berryman has asked the makers to send duplicates to the Indiana Fair.

In Shelby county, the Indianapolis, Shelbyville & Southeastern Traction Co. will pay taxes on an appraisement of \$109,920, and the Indianapolis & Cincinnati line will pay on an assessment of \$34,735.

Ten-car trains, drawn by an electric locomotive, are to run on the twenty-mile track between Los Angeles and the Pacific ocean shore. Thus the Los Angeles-Pacific company will be able to handle 100,000 passengers daily.

## Chamberlain's COLIC, CHOLERA AND Diarrhea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

PRICE, 25c. LARGE SIZE, 50c.

RUSHVILLE, IND., SEPT. 1, 1905.

Chicago surely has strike troubles. Hardly is the teamsters' strike settled when another strike is threatened. This time it is a struggle among printers, and the fight will be between the organized employers and the printers' union.

The Connersville Courier announces that after September 20th it will appear twice a week—Tuesdays and Fridays, and that it will be an absolute independent paper hereafter. Editor Hamilton is making big efforts to bring the Courier to the front as a family newspaper.

In the now historic peace conference at Portsmouth Japan did not get what she asked for and what she was entitled to as victor on both land and sea, but each side conceded something, and for the sake of peace Japan was most magnanimous. While Japan has not secured all that she asked in the conference, she gets more than she demanded at the beginning of the war. Russia is down and out of Manchuria for good. This would have satisfied Japan previous to the beginning of hostilities. It was the refusal of Russia to keep her promise to evacuate that incited Japan to attack her. Not only has the mikado's people freed Manchuria from Russian control, and thus removed a menace to themselves, but they have gained a foothold in Manchuria for their own country, have won a protectorate over Korea, and have saved China from dismemberment, except as they themselves may want to dismember it, metaphorically or actually, some time in the future. Oyama and Togo may mourn because their occupation is gone, but the world at large, particularly Nicholas II and the rest of the incapables and reactionaries who brought on the conflict, will rejoice that the work of destruction is over.

Net Down on the Bill.  
Greenview, Ohio, Sept. 1.—Aeronaut Baldwin of Losantville, Ind., was blown to shreds with his balloon at a height of 2,000 feet. He was giving an exhibition of dynamite from a balloon for war purposes, and had three sticks of the explosive with him. When he was 2,000 feet in the air, in full sight of thousands of people attending the county fair, by some accident the dynamite exploded and the balloon and man were literally torn to fragments. Baldwin's wife was a witness of the horrible scene.

### BIG DAY FOR EDITORS

Basket Picnic at Broad Ripple Attracted a Large Crowd.

Indianapolis, Sept. 1.—The fourth annual basket dinner picnic of the Indiana Republican Editorial association was held at Broad Ripple park, near here, today. It was one of the most enjoyable events the editors have had together for a long time. The social side of the association has come to be a feature from which much enjoyment is derived. Today was no exception, and a large number of the editors came with their families and well-filled baskets, whose contents made a tremendous hit when they were spread by the good women. The boating and other amusements at the park were greatly enjoyed. The event attracted a number of Republican party leaders and candidates, who made it the occasion for getting in closer touch with the editors.

The trustees of Purdue university met with Governor Hanly this afternoon to take over the property of the Medical College of Indiana, situated in this city. The deeds for the entire property valued at \$100,000, were placed in the hands of the trustees to hold in behalf of the state, the same as Purdue is held. The medical college will be conducted in connection with Purdue and will enable students to get a literary and medical education at the same time. Addison C. Harris of Indianapolis, member of the Purdue board, said that the consolidation will be advantageous to the young medical students who desire a four-year literary education as a basis for their course in medicine. A four-year medical course is now required for physicians, and Mr. Harris said the time may not be far distant when a literary course covering a similar period may be added. By consolidating the schools the students can cut down the two courses to six years. Notwithstanding the optimistic view of Mr. Harris, it is said that some members of the Purdue board are not over-anxious to accept the gift, lest other schools in the state be injured.

Senator James A. Hemenway has returned from an Eastern trip, a part of which was spent with Congressman Cannon as the guest of Congressman Sibley of Pennsylvania, at his summer home. "Uncle Joe" is one of Senator Hemenway's closest friends, and they have been chummy for many years. The former greatly regretted to lose his former colleague on the appropriations committee. Senator Hemenway spent several days in Washington looking after business matters and also arranging to move his family there during the winter. He returned to his home at Booneville in time to attend the Warrick county fair this week. He is a member of the grand tribunal of the Knights of Pythias, which met here last night, but on account of the fair, he did not attend.

The busiest office at the statehouse these days is that of the state board of agriculture, which is completing arrangements for the annual state fair, beginning Sept. 11 and continuing the remainder of the week. Secretary Downing is almost buried beneath the load of work. There are thousands of entries in the various departments, and if the weather man is good to the board the fair will be the greatest in the history of the state.

### VICTIMS OF THE FOURTH

Shocking Price Paid for Yearly Vent to Patriotism.

Chicago, Sept. 1.—The Journal of the American Medical association to be published tomorrow contains statistics regarding injuries received during the Fourth of July celebration with special reference to tetanus resulting from these injuries. The total number of cases this year was 104. In 1903 there were 415 cases and in last year 105. The totals of accidents resulting from blank cartridges was 809; in 1903 the number was 1,672, and last year 1,005. Besides 87 deaths from tetanus, there were 95 from other accidents, a total of 182. There were 4,994 non-fatal injuries and over 1,000 more of others having their faces lacerated or other disfigurements, "and this," says the Journal, "was better than in former years."

### Bank's Doors Reopened.

Metcalf, Ill., Sept. 1.—The Farmers' bank, which failed to open its doors Saturday because of the absence of the president, John L. Gobin, resumed business yesterday. The opening of the doors was a signal for a run which continued for a time. Much of the money withdrawn was later returned to the bank.

Indianapolis, Sept. 1.—Primates to nominate Democratic candidates for ward councilmen were held today. The voting places opened at 11 and will not be closed till 8 o'clock.

### Jury Failed to Agree.

Kington, Jan., Sept. 1.—Dr. Franklin Clarke of Boston was tried before the chief justice for a breach of the official secrets act in taking photographs of the fortifications of Port Royal. The chief justice summed up in favor of the prisoner, and the jury failed to agree and was discharged. Dr. Clarke was remanded on bail.

## RUSSIA CONSENTS

Czar Has Formally Agreed to a Suspension of Hostilities.

### DRAFTING OF TREATY

Rapid Progress Is Being Made on This Work by Experts in International Law.

It Is Expected That Historic Document Will Be Signed Up Within a Week.

Portsmouth, N. H., Sept. 1.—Japan through Baron Komura has agreed to the immediate conclusion of an armistice. At 11 o'clock last night Mr. Takahira went to Baron De Rosen's room and explained that he and Baron Komura received instructions to arrange terms of an armistice. Baron Rosen immediately communicated with Mr. Witte and a meeting will be held today for proclamation of a complete suspension of hostilities preliminary to the arrangement of the details by the two generals upon the battlefield.

Rapid progress is being made in the drafting of the treaty of peace. Baron Komura at Mr. Witte's request today will probably fix a day for its signature. Russia's consent to a suspension of hostilities reached Mr. Witte last night in a cablegram from Count Lamsdorff, whom Emperor Nicholas has empowered to deal with the important phase of the negotiations.

Although General Linevitch has been informed of the practical conclusion of peace and directed to hold himself in readiness to withhold operations, the negotiations for an armistice, the order for the suspension of hostilities and the signing of the truce will not go forward from St. Petersburg until Mr. Witte has been informed by Baron Komura, that the emperor of Japan has also given his consent and has empowered Marshal Oyama to conduct the negotiations with the Russian commander in the field.

Having advised General Linevitch of the situation, Russia will not hold herself responsible for any clash which may occur before Japan has consented to an armistice. On this principle, however, no serious anxiety is felt here and the Japanese reply 's momentarily expected.

So rapidly and well is Mr. De Martens, with Mr. Dennison, performing his delicate and important task of drafting the treaty, that he was able to report to Mr. Witte the practical completion of ten articles of the treaty. It is expected the treaty will in its entirety consist of fifteen articles, exclusive of the preamble.

Japan's original demands are said to have numbered thirteen. Only twelve, however, were presented to the conference to withdraw one of the conditions which he regarded as unjust. Whether this thirteenth demand dealt with the fortifications at Vladivostok cannot be learned.

Having waived three of the demands presented—the indemnity, the interned ships and the limitations of Russia's naval strength in the far East—the Japanese final conditions were gone. Several of these, however, will be divided in the treaty and grouped in two or more articles. Mr. Witte is exceedingly anxious to sail for home on Sept. 12. In the meantime he will take leave of President Roosevelt and personally present the thanks of his emperor for the president's assistance. He is therefore doing what he can to hasten the drafting of the treaty, which he will probably be prepared to sign by Tuesday or Wednesday of next week at the latest unless some obstacle should arise. The only difficulties which have thus far appeared have been due to the ambiguous language of certain parts of the daily protocols which form the framework of the treaty. It is here that the long experience and recognized authority of the famous international lawyers are proving of assistance to Japan as well as Russia. Both Mr. De Martens and Mr. Dennison, who is also well grounded in international law, are selecting with great care the language of each article in order that the treaty may furnish no ground for differences in the future, and accurately record the exact spirit as well as the substance of the agreements concluded in the conference by the plenipotentiaries. It thus happens that the framers sometimes spend an hour in the selection of one word, to find finally that they are both striving to express the identical idea.

your personal, energetic efforts. My country will gratefully recognize the great part you have played in the Portsmouth peace conference.

"NICHOLAS."

### Japan Is Not Pleased.

Tokio, Sept. 1.—A remarkable absence of rejoicing is one of the most striking features attendant upon the receipt of the news that a practical conclusion of peace has been reached. The kind of reception that awaits definite news will depend entirely upon the nature of the terms. It is generally feared that extensive concessions have been made by Japan.

### Untrue and Absurd.

St. Petersburg, Sept. 1.—It is stated on high official authority that the report emanating from Portsmouth to the effect that the war party is urging the emperor to repudiate the treaty of peace is untrue and absurd.

### DANGER OF A FLARE-UP

Russians Show Resentment of the Terms of Peace.

St. Petersburg, Sept. 1.—Judging from the press comment today on peace, it would appear that while pleased with the prospect of the removal of further bloodshed from the far East, a large portion of the public is unable to reconcile itself to the loss of territory, however insignificant. The national pride seems to be offended by the cession of part of the island of Sakhalin. The people speak of "today's shame," meaning peace.

Many of the utterances show evidences of regret that the army had not been given another chance to try the fortune of war, though no one questions or underrates the humanity of the course followed by President Roosevelt, the plenipotentiaries and Emperor Nicholas. The tone of many of the utterances concerning peace induces one to believe that further sacrifice of human lives would not be unacceptable if the national self-respect could be regained thereby. One word of disapproval of the terms from Tokio suggesting that Japan did not desire to be bound by the terms might result in a flare-up here in defense of war and the national honor.

Emblazoned by what they declare to be a dishonorable peace, the extreme patriots do not always refrain from criticizing President Roosevelt and the American people, who they declare have offended Russian sentiment by underrating the Russian preparations.

### Witte's Bluff Worked.

St. Petersburg, Sept. 1.—M. Witte, interviewed at Portsmouth by the correspondent of the Slovo, is reported to have said: "You see what one gains by standing firm. I was in a frightful position. I had not the right to accept a compromise, and a rupture seemed likely to enlist the sympathies of all on the side of Japan. President Roosevelt appealed to my patriotism, humanity and good sense. Fortunately I succeeded in holding out to the end. The Japanese could not read in my face what was passing in my heart. From the outset I assumed such an indifferent tone that it eventually carried conviction. When the Japanese presented their written conditions I laid them aside without looking at them, and spoke of something else. On leaving the room I intentionally forgot the conditions lying on the table. When one of the Japanese plenipotentiaries drew my attention to this, asking me if I did not wish to take away secret documents which someone might read, I put the papers carelessly in my pocket. It was thus to the last minute of the negotiations."

Sample of Russian Feeling.  
Moscow, Sept. 1.—The Russian Slovo, having the largest circulation in Moscow, published a two-column eulogy of President Roosevelt and the part he has played during the last three months, saying in conclusion: "To the memories of the Russian and Japanese peoples the personality of President Roosevelt is crowned with the halo of peace and will last forever."

Mr. Root Returning.  
St. Johns, N. F., Sept. 1.—Ellhu Root, the American secretary of state, returned from Labrador by the mailboat and left last night for New York.

## A GENERAL DENIAL

Senator Depew Publicly Sets at Rest Charges Against Him.

### UNJUST IMPRESSIONS

Mr. Morton of the Equitable Hastens to Remove Impressions derogatory to Aged Senator.

Indebtedness of the Depew Improvement Company to the Equitable Paid in Full.

New York, Sept. 1.—Announcement is made by the officers of the Equitable Life Assurance Society that the indebtedness to the society of the Depew Improvement company was paid yesterday afternoon, the principal and interest amounting to \$293,850.82. The correspondence incident to the transaction was also at the suggestion of President Paul Morton, made public to the end, Mr. Morton said, that an impression unjust to Senator Chauncey M. Depew might be removed.

The correspondence consists of three letters of even date, the first addressed to Mr. Morton by Henry B. Anderson of the law firm of Anderson & Anderson, attorneys for the Depew Improvement company, announcing that the reorganization committee of the Depew Improvement company, having perfected the title to the property not covered by the Equitable mortgage, was prepared to take over the property which secured the loan, paying in cash to the Equitable the face of the loan and interest.

The second letter, also addressed to Mr. Morton, is from Senator Depew, who states explicitly his part in the transaction between the Improvement company and the Equitable society, and points out what he declares are inaccuracies in published statements through which a grave injustice has been done him.

Mr. Depew recites the charges that have been made against him, denying each. Of the charges which related to transactions resulting from the default of the company and the foreclosure of the loan by the Equitable, he says that as a result of the company's embarrassment a reorganization was determined upon, and though there were unavoidable delays, the plan was progressing as rapidly as possible. The company was to be incorporated and was to issue bonds for \$750,000 to supply funds to take up the Equitable mortgage, principal and interest and to pay the other debts of the company. There was never any other purpose than that the Equitable should be fully protected.

### HOPEFUL CONDITIONS

Yellow Fever Situation Now Thought to Be Under Control.

New Orleans, Sept. 1.—New cases yesterday, 41; total to date, 1,919; deaths yesterday, 6; total, 277; new foci, 6.

The new business year in New Orleans, opening today, finds the yellow fever situation so evidently under control that, based on present conditions, the business men and financiers are looking forward to exceptional activity in all lines of industry when the fever is finally stamped out and free intercourse resumed.

The report for yesterday again was favorable, both as to new cases and deaths, while there was a diminution in the number of new foci. Italians again figured principally in the fatalities, due to the fact that there continues to be some trouble in getting them to report their cases promptly, one death yesterday being due entirely to neglect.

### SCOURGE THREATENED

Europe Is Alarmed Over Prospect of Cholera's Invasion.

Berlin, Sept. 1.—The spread of cholera from two localities on the River Weichsel five days ago to thirty-four cases in twelve localities extending from the Baltic to the River Warthe, 150 miles south, and its appearance in Hamburg, has given an unpleasant thrill to the people of Germany, for it may mean a long and steady fight as in 1892-3 to prevent the disease from getting beyond control. In those years it is estimated that 800,000 persons died in Russia from cholera. The Prussian government is keenly aware of the possibilities of the danger, which so far is not regarded as giving occasion for apprehension. Numerous bacteriologists have been sent into the infected districts.

#### Bonus for Russian Settlers.

Panama, Sept. 1.—Fifty Russian families have just left Panama for Chirique. Arrangements have been made by which the same number of Russian families will be settled every month in different portions of the republic. The government gives each family \$500 and thirty acres of land.

Evansville, Ind., Sept. 1.—While standing on the river bank reaching for a walnut, Francis O'Brien, aged seven, fell into the Ohio and was drowned.

Petersburg, Ind., Sept. 1.—Mrs. Jackson Elder of Winslow committed suicide by hanging herself. She was fifty years old and insane.

#### Giants in Those Days.

Fond du Lac, Wis., Sept. 1.—Two skeletons each measuring more than seven feet in length, were discovered in a gravel pit at Forest near here. The skulls are as large as those of two ordinary persons and the thigh bones are almost six inches longer than those of a six-foot man. The bones are in a good state of preservation. It is possible the skeletons, which are thought to be the remains of some prehistoric race, will be sent to Milwaukee for examination.

#### Kermie Got a Bear.

Deadwood, S. D., Sept. 1.—Kermie Roosevelt, son of the president, has returned to Deadwood after a ten days' hunting trip with Captain Seth Bullock and party. The fifth day out young Roosevelt killed a small brown bear, and later added two wild cats to his bag of big game. During the ten days the party rode horseback and covered 350 miles.

### Receiver Must Have Cream.

Fairmount, Ind., Sept. 1.—In order that the table of George W. Bartlett receiver for the Chicago, Indiana & Eastern railroad, may be supplied with pure cream fresh from the country, an unusual order has been issued to the train crew of his railroad. The west-bound passenger train, due here at 7:40 daily, is stopped each morning two miles east of town, far from any station, where the train is met daily by a farmer, who delivers to the crew a consignment of thick, yellow cream for Receiver Bartlett.

#### Going After Dynamiters.

Kokomo, Ind., Sept. 1.—Wholesale arrests are being made in connection with the recent dynamiting of fish in Wild Lost creek near Greentown. The stream was stocked with 40,000 bass this season and the dynamiters have succeeded in killing large numbers of the small fish. Three men have been arrested, and Deputy Fish Commissioner Smith of Logansport has his eye on a number of others whom he expects to take into the tolls for violation of the game laws.

#### May Lose His Arm.

Shelbyville, Ind., Sept. 1.—While hulling clover seed on the farm of George Billman in Van Buren township, Clancy Fox, aged seventeen, caught his shirt sleeve on a set screw in the shaft of the fly wheel, and in an instant the young man's arm was drawn between the wheel and boiler, and before help could extract the arm the flesh was stripped from the elbow to the wrist.

#### Delivered His Prisoner Dead.

Rockville, Ind., Sept. 1.—John Smith, aged thirty, was brought to Rockville from Montezuma to serve a jail sentence of thirty-two days for drunkenness. When the constable arrived at the jail the sheriff discovered that Smith was dead. The constable had driven nine miles with a dead man without discovering the fact.

#### Four Suspects Arrested.

Waterloo, Ind., Sept. 1.—Lake Shore detectives are at work trying to find the men who are supposed to have been the murderers of Marlon L. Bremenderfer, the station agent who was killed Tuesday night. Four men have been arrested and are now in jail awaiting preliminary hearings.

#### Louisville Team Knocked Out.

Kansas City, Sept. 1.—Seven members of the Louisville baseball club were injured in a collision between a trolley car and a wagonette in which the club was being taken from the ball park to a hotel. The most seriously injured was Ed Kenna, pitcher, whose condition is serious.

## INNIS-HAMMOND

(Milroy Press)

About seventy-five guests witnessed a very beautiful wedding on Wednesday evening at the home of the bride's parents, Mr. and Mrs. J. G. Hammond.

At 8:30 o'clock the sweetly solemn tones of the Lohengrin wedding march, played by Miss Della Mathews, announced the approach of the bridal party.

The bridesmaids were Miss Mary Biteman and Miss Louisa Tompkins, and the groomsmen were Mr. Frank Reed and Mr. Roy Abercrombie, of Rushville.

In front of a high bank of palms and ferns the party stood, and by a most beautiful and impressive ceremony, pronounced by the Rev. F. W. Schmunk, Mary Hammond became the wife of Rex A. Innis.

Both bride and groom were unusually handsome; the bride was beautifully gowned in white silk muslin and carried white roses. The bridesmaids also dressed in white and carrying pink roses looked very charming.

Mr. John Frazier, Mr. Lee Hume, Miss Della Mathews and Miss Anna Richey acted as ushers for the occasion and also served the refreshments.

The guests from a distance were the bride's sister, Mrs. Otis Murray and husband, of Metamora; Mr. and Mrs. L. E. Laird, of Greensburg; Mr. Roy Abercrombie, R. A. Innis and family, Mrs. J. G. Boys, Mrs. W. W. Innis, Mr. and Mrs. Will Cherry, and Miss Florence Witzschbacher, of Rushville, and Miss Ora Jones, from Tip-ton.

The large and beautiful collection of presents was a liberal testimony of the esteem in which these young people are held by their many friends.

### DEATHS

James Ball received a message from Rev. Sargent, of Seymour, stating that Mrs. Sargent died Thursday night at their home in that city. The body will be transferred from the 10:05 J. M. & I. train Saturday to the 11:05 Big Four train and the remains will be taken to Knightstown for burial.

It has been shown that small crystals, having the luster, hardness, gravity and index of refraction of diamond can be obtained by heating in the electric arc pulverized carbon on a spiral of iron wire, the heating taking place in hydrogen and under great pressure—3100 atmospheres.

### MANY PRINTERS IDLE

Strike at Chicago Has Reached an Acute Stage.

Chicago, Sept. 1.—An acute stage has been reached in a new labor war in Chicago. Nineteen of the larger job printing houses of Chicago are without union compositors today, the result of a series of strikes inaugurated by Typographical Union No. 16 against members of the Chicago Typothetae, the purpose of the strikes being to compel the Typothetae as an organization to accede to demands for the "closed shop" and that eight hours constitute a day's work. Further strikes are expected in case other houses undertake to do work for concerns at which strikes have been begun as the result of the posting of notices of an intention to inaugurate "open shop" and nine hours where it is claimed contrary conditions had been the rule. The strike leaders pronounce the strike complete and declare the outcome a matter of endurance, a spread here or to other cities not being contemplated for the present at least. Not counting other employees in the nineteen printing houses involved, printers to the number of nearly 500 are idle. The strikers claim that eight large establishments will remain neutral, not accepting work for houses where strikes are in progress, and that in the eight and elsewhere 2,500 members of the union will be at work helping to support funds for strike benefits. Among the establishments at which the latest strikes were inaugurated were Poole Brothers, M. A. Donohue & Co., and the Methodist Book company. Contrary to assertions of the officials of the Typographical union, Secretary E. F. Hamm of the Typothetae says emphatically that he does not know of a single desertion and that the effect of the strike here would be overcome in short order.

At the union headquarters it has leaked out that union printers from various parts of the country are taking advantage of the offer of Chicago's strike-affected print shops to come to this city in the guise of strike breakers, their traveling expenses paid. After reaching here the unionists desert instantly.
